REQUEST FOR WARNING LETTERS IN ACCORDANCE WITH THE FTC ACT -
15 U.S.C. §§ 41-58, SECTION 609(E) AND ANTI COMPETITION LAW BE SENT TO
NORTHAMPTON COUNTY COURT OF COMMON PLEAS IN EASTON PENNSYLVANIA
AND THEIR DOMESTIC RELATIONS DIVISION.

NINE Officers of the Court took bribes from Special Education employment contractor for the mentally retarded Lehigh University Transition Services to silently approve genetic mental retardation billing code ICD-9 MR317 after it was ruled out by medical diagnostic and three previous courts when I sued the Easton Area School District for claiming my daughter was mentally retarded when she was not. The Court officers (her guardians) refused to allow Emilie to attend colleges she was accepted to after graduation and used their position to enforce her enrollment with Lehigh University Transition Services —SELLING my daughter into a condition of involuntary servitude otherwise known as SLAVERY.

Domestic Relations then began charging me for disability support for my daughter Emilie leaving out the disability [ICD-9 MR317] they were billing for as it was FRAUD.

9/21/2010 I fired every lawyer I had, opened a federal case pro se Kraemer v. Pennsylvania 10-cv-4868 demanding to know why my daughter was tortured [they were burning her with cigarettes before cognitive assessment exams to lower I.Q. scores] and to find out what happened to my daughter's ruling that she was normal and diagnosed with a mild learning disorder as she did not have genetic mental retardation. Federal Judge John R. Padova allowed me to sue 49 educational specialists, guardians, lawyers, judges and PA AG Linda Kelly. A Delaware U.S. Attorney was assigned to my case. The Nine Officers of the Court and AG Linda Kelly lied to me, the Delaware U.S. Attorney and Federal Judge William J. Martini concealing their approval and processing of genetic mental retardation billing code ICD-9 MR317 Emilie could not possibly have and as such, stealing from the Federal Medicaid program.

These were violent child traffickers and got their approval from the STATE to make up a bogus mental disability diagnosis, bill the U.S. government for the fraud, and hold a parent accountable [myself] under the threat of arrest for not paying disability support for a disability they entirely made up for a normal child.

[09/15/2011](#) my case was dismissed with prejudice as the defendants never came forward about their processing bogus genetic mental retardation billing code ICD-9 MR317 to treat and traffic my daughter Emilie Kraemer. Judge Martini encapsulated my case perfectly:

“He believes that though, he claims, Emilie was originally diagnosed as having Asperger's Syndrome, a conspiracy made up of some of the defendants changed her diagnosis to mental retardation to funnel money to private organizations that specialize in the treatment of such individuals.” [Doc. 122](#) Pg. 2. **Which is exactly what they did.**

11/01/2013 I stoped paying their ransom after they almost killed my daughter Emilie Kraemer with infection; Norwegian Scabies, which started out as scabies, an STD she contracted from being trafficked in a dirt [parking lot](#) she was taken to by Lehigh University Transition Services to see a “judge friend” behind Magistrate District Court 31-1-07 in Bethlehem PA. The alleged Judge Magistrate District [Judge Robert Halal](#) of District Court 31-1-06 killed himself with a shotgun blast to his head [06/05/2017](#) 2:30PM, the day I filed a Motion to Show Cause in the SDNY seeking the identity of the parking lot judge friend.

11/04/2014 Officers of the Court, guardians Lisa Spitale and Shanon Moore responsible for **selling** my daughter to Lehigh University Transition Services took custody from me. The abuse the inflicted upon her afterward is unspeakable and at the hands of a company called SPIN that Lehigh merged with.

[12/29/2022](#) My observation of manufacturing bogus mental disability diagnosis codes by School Districts to to remove a student from regular education and create business for outsourced special education contractors has since been corroborated by the New York Times after I wrote to them which resulted in the arrests of five special education contractors.

[06/26/2023](#) The Medicaid fraud was confirmed as CRIMINAL by the PA Inspector General. The FBI has yet to make any arrests. Its inexcusable. I devoted my life to helping good companies grow their business. Like IBM, Korn Ferry International, Swatch, PwC, Marsh, the Union of Concerned Scientist. I worked for PwC’s Entrepreneurial Advisory Services Division.

These entrepreneurial fucking animals figured out way to make money by abusing and torturing children to drop I.Q. scores during cognitive assessment exams and making up mental disability

diagnosis billing codes to be able to collect a checks from the federal government. My Federal Government has allowed this sick evil business to transpire. **They are violent terrorists.** The Federal Trade Commission has a duty to issue WARNING LETTERS and PERSUE CRIMINAL CONVICTIONS.

DETAIL

I. BRIBED COURT OFFICER FRAUD AS A MEANS OF SELLING A NORMAL PUBLIC SCHOOL STUDENTS AS GENETICALLY AND INTELLECTUALLY MENTALLY RETARDED INTO A CONDITION OF INVOLUNTARY SERVITUDE TO A SPECIAL EDUCATION EMPLOYMENT CONTRACTOR PROSCRIBED BY [18 U.S.C. § 1584](#) AND THE ROBBERY OF MEDICAID.

I sued the Easton Area School District for not educating my daughter Emilie Kraemer by falsely claiming she was mentally retarded and not worthy of **regular education**.

08/17/2005 I submitted to PA Administrative Proceeding No. [5779 05/06](#) Emilie's 2000 neuropsychological diagnostic from my uncle Dr. Warren Grover M.D. Head of Child Neurology St. Christopher's Hospital for Children. Proof of NO genetic mental retardation and his diagnosis of **PDD NOS** a mild learning disorder. My Uncle was perplexed at Emilie's low I.Q. scores and suspected abuse.

“Results from recent diagnostic testing, completed in order to assist in identifying the potential etiology of Emilie's developmental delays, were reported to have been unremarkable including genetic test results (e.g., no evidence of Fragile X)”

02/16/2006 Municipality Solicitor, Ray DeRaymond Esq. sued on behalf of the School District, against his granddaughter and submitted [Dr. Regina Smock's](#) prescription for genetic mental retardation ICD-9 MR317 he knew Emilie could not have. Dr. Smock did no medical diagnostic.

Federal Guardian Shanon Moore [08/27/2010](#) finalized the SALE of my daughter into involuntary servitude to special education employment contractor for the mentally retarded Lehigh University Transition Services and lied to me on law firm letterhead, an overt act.

30. **[09/10/2010](#) Kraemer v. Pennsylvania 10-cv-4868** **Concealed treatment ICD-9 MR317**

I sued [49 defendants](#) in federal court, everyone involved with my educational lawsuits.

Twelve were officials with a duty to disclose their knowledge of genetic mental retardation billing code ICD-9 MR317 being processed for payment to treat Emilie.

Nine were officers of the court received kickbacks from Lehigh University Transition Services in exchange for approving the bogus genetic billing code Lehigh needed to seek payment from Medicaid.

Three were Pennsylvania publicly appointed officials including the Pennsylvania Attorney General Linda Kelly and Kevin Casey the Deputy Secretary for the Department of Public Welfare, and Chief Deputy Attorney General Mark Pacella.

31. 10/29/2010 The Delaware United States Attorney Patricia C. Hannigan made an appearance.

32. 01/25/2011 Kraemer v. Pennsylvania was transferred to former Republican Congressman N.J. Judge William Martini. 10 Court officers and contractors: **Concealed** treatment ICD-9 MR317

33. 02/11/2011 Judge Beltrami | DeRaymond v. Kraemer Concealed treatment ICD-9 MR317

Guardians Shanon Moore, Lisa Spitale and mother DeRaymond sued me during Kraemer v. Pennsylvania to be able to send Emilie to Camp Hill for two weeks —**7 hours** from me making visitation impossible. Lisa Spitale also applied for guardian at this time. They were threatening me with cutting me off from my daughter while I was suing them in federal court while posing interrogatories that might uncover their racketeering.

02/11/2011 I made ELEVEN REFERENCES that Camp Hill was a school for the mentally retarded and that Emilie did not belong there. NONE of Plaintiffs said they were approving treatment for genetic mental retardation ICD-9 MR317 since 2006 after it was ruled out by three different courts they were all party to. If they admitted to fraud it would have blocked the materially misleading rebuttal from **Judge Beltrami:**

THE COURT: WHAT IS EMILIE'S CONDITION?

FEDERAL GUARDIAN SHANON MOORE:

“Well, Emilie's been classified with a lot of different diagnoses since she was very young and early intervention, up until she graduated. There was an evaluation done by Dr. Hess which said she had Asperger's, but she also has cognitive impairment in the form of mild to moderate mental retardation.”

THE COURT: SO WHAT IS HER IQ?

FEDERAL GUARDIAN SHANON MOORE:

“She's had varying IQ scores, but the last report is in the mid-60s, low to mid-60s. Her IQ scores have ranged from the 50s to 60s but definitely below the 70 IQ.”

FRAUD

Emilie's official, federally protected, medically proven, court ordered diagnosis was PDD NOS. Federal guardian Shanon Moore clearly knows this. She was ORDERED under Federal law as was Federal guardian Marcie Romberger to protect it. Instead Shanon Moore is artfully lying to prevent me from picking up on her fraud and her signing approval to treat Emilie for ICD-9 MR317, a genetic mental retardation diagnosis she knows was ruled out and Emilie could not have but Lehigh University Transition Services needed for business to bill Medicaid.

02/11/2011 Judge Beltrami threatened to put Emilie in a State mental institution unless I agreed with Moore's recommendation. Emilie said he lied about his in-camera interview with her she told him she **did not** want to attend Camp Hill and she **was extremely pissed**. She said she was going to tell her “[judge friend](#)” she was meeting in a dirt parking lot Lehigh University Transition Services was taking her to. i.e., sex trafficking her behind Magistrate District Court 31-1-06. Judge Beltrami is a scumbag gangster that belongs in a cell in Guantanamo bay.

33. **09/15/2011** Kraemer v. Pennsylvania | Judge Martini dismissed my case with prejudice as a result of the judges and attorneys fraud upon the Court concealing treatment of ICD-9 MR317:

“He believes that though, he claims, Emilie was originally diagnosed as having Asperger's Syndrome, a conspiracy made up of some of the defendants changed her diagnosis to mental retardation in order to funnel money to private organizations that specialize in the treatment of such individuals.” [Doc. 122](#) **Which is exactly what they were doing.**

34. **10/11/2011** I filed a Motion To Reconsider. 10/12/2011 PA Attorney General Linda Kelly's answer to my Motion To Reconsider [Doc.134](#) made circular, vague, arguments devoid of dates and details.

33. 10/12/2011 [[Doc 134](#)] PA Attorney General Linda Kelly **Concealed** ICD-9 MR317

34. 10/12/2011 **Kevin Casey, Department of Public Welfare** **Concealed** ICD-9 MR317

35. 10/12/2011 **Chief Deputy Attorney General Mark Pacella** **Concealed** ICD-9 MR317

These defendants PA Executive public officials had total access to Northampton County's payment requests for treatment of ICD-9 MR317 and repeatedly skirted around my interrogatory about the disappearance of my daughter's PDD NOS diagnosis i.e., **What the fuck replaced it?** No answer. They absolutely knew they were concealing fraud: from me, the U.S. Delaware Attorney and Federal Judge Martini.

What is possibly more egregious? The judge that originally, illegally, silently approved the treatment for ICD-9 MR317, Republican Judge Edward Smith, applied for Federal Judge 07/2011 while his Republican comrade 10/2011 AG Linda Kelly concealed its use from the U.S.

Delaware Attorney closely associated with President Barack Obama.

- 35. 10/15/2011 - Sweet, Stevens, Katz & Williams LLP **Concealed** ICD-9 MR317
- 36. 10/15/2011 - Freya Koger Lehigh U Transition Services **Concealed** ICD-9 MR317

The School District's attorneys—Federal guardian Marcie Romberger's husband went to work for, then Romberger quit due to a conflict of interest she always had—knew the District was treating Emilie for IDC-9 MR317 as was Lehigh University Transition Services they were sending her to in the afternoons up until she graduated in 06/2010.

37. 10/15/2011 Case dismissed

38. 2015 Pitta, Bishop & Del Giorno LLC, CFO Mickey Cekovic—Suppressed ICD-9 MR317

[15-cv-1755](#) | Kraemer v. DeRaymond

“You don't decide, we decide.”

When I found the Court officers never processed treatment for Emilie PDD NOS diagnosis and were processing instead Judge Edward Smith's silent approval of ICD-9 MR317 I was threatened by Pitta, Bishop & Del Giorno, CFO Mickey Cekovic quoting: **“You don't decide, we decide.”**

From 2012 to 2023 Top NY labor lobbyist Pitta, Bishop & Del Giorno LLC facilitated the federal judge appointment of Edward Smith via my violent witness tampering and threats in connection to my discovery of ICD-9 MR317. Pitta, my client of 6 years showed regular interest in my connection to Judge Smith. 2013 after Emilie contracted Norwegian Scabies and **survived** just after Judge Smith received his [08/06/2013](#) federal judge nomination from President Barack Obama Pitta offered to “help”.

The Republican Italian mob community in Northampton County and Vincent Pitta were a seamless fit. These people are evil and have their fingers into all aspects government. And because Pitta represents unions who are extremely loyal (**especially PBA**) none of this gets reported.

II. MY DAUGHTER’S TORTURE, THIRD DEGREE BURNS BEFORE COGNITIVE ASSESSMENT EXAMS TO DROP IQ SCORES SENDING BUSINESS TO SPECIAL EDUCATION CONTRACTORS.

The Easton School District collaborated with guardians and the mother of a school student [my daughter Emilie Kraemer] to engineer her torture before cognitive assessment placement exams to drop I.Q. scores to be able to make special education recommendations providing student access to outsourced special education contractors. Northampton Judges, guardians, Police, MH/MR, conspired with special education contractors in exchange for bribes to ***conceal all evidence of torture*** before cognitive assessment testing making the low IQ scores appear to be genetically caused instead of from the external violent extortion they were bribed to conceal. e.g., to self-deal business special ed contractors. The RICO conspiracy proscribed by 18 U.S.C. § 1962(d)

Officers of the Court, judges, guardians dovetailed evil extortion with the silent approval of genetic mental retardation billing code ICD-9 MR317 ruled out by medical diagnostic and three other courts. The use of **police** was integral, in fact essential to be able to torture children to cause business for special education contractors. Police “indifference” to child torture was expressed to me by the New York Chief Medical Examiner’s Office. She was spot on. Except it was not indifference it was organized in furtherance of creating special education healthcare business for School Districts that brought with it a [flood of government money](#).

1. **03/2008** Federal Guardian Marcie Romberger arranged a competency exam for Emilie with doctor Richard Hess. Emilie's PDD NOS diagnosis is protected by Federal Law. The exam was superfluous.
2. **03/10/2008** On or about attorney DeRaymond and mother DeRaymond arranged Emilie's extreme [torture](#) before her competency exam burning her with cigarettes.
3. **03/13/2008** On or about each of Emilie's knuckles were burned, and hole was seared down to the bone on her wrist. No one from the Easton School District reported Emilie's severe burn injuries. She walked through the Easton school where her mother worked with bleeding, open wounds.
No one reported it.
4. **03/15/2008** Saturday I see Emilie was severely burned and I know they are a criminal enterprise.
4. **03/15/2008** Saturday Dr. Richard Hess retained by Federal guardian Marcie Romberger emailed his report. It recommended the IEP team to consider EK eligible for procedural safeguards "as a student with mental retardation."
 - (i) The report made **NO** mention of her Court ordered federally protected diagnosis **PDD-NOS**.
 - (ii) The report made **NO** mention of false claim diagnosis code **ICD-9 MR317** county contractors and the District were illegally submitting for payment to Medicaid to treat Emilie.
5. **04/03/2008** I got a PFA to protect Emilie when Judge McFadden was on and not Judge Giordano.
6. **04/04/2008** According to attorney Abele Iacobelli, attorney DeRaymond intercepted Judge McFadden in the Court parking lot and attempted to stop the PFA.
7. **04/06/2008** On or about Forensic pathologist Dr. Lara B. Goldfeder M.D. of The New York Chief Medical Examiners Office helped me document Emilie's wounds and had me keep an eye out for new ones. She instructed me to put a ruler next to Emilie when photographing assault wounds. She encouraged me to find an MD to diagnose Emilie's wounds as NYPD would do nothing.
8. **04/11/2008** NYC Dermatologist Dr. Lora Felderman MD confirmed Emilie had cigarette burns.

9. [**05/08/2010** Dr. Kristen Landi M.D. Senior Forensic Scientist of the New York Chief Medical Examiner concurred Dr. Felderman's MD diagnosis adding that each of the injuries to her knuckles were also cigarette burns.]

04/16/2008 PFA No. 20080254 | Kraemer v. DeRaymond | Judge William Moran

10. I alleged Emilie was tortured with cigarette burns.

Attorney Ray DeRaymond, the grandfather and county solicitor mocked Emilie's insidious burns used to create business for Northampton County's health contractors [[transcripts](#) pgs 42-45]

11. **Spurious.**

12. **A little bite that came up on the child or a scratch.**

13. **Blamed Emilie for doing it to herself.**

14. Attorney DeRaymond saw Emilie had bruises from restraint when he made his insane comments.

15. Attorney DeRaymond attempted to have me sanctioned for taking Emilie to a doctor.

16. Nether attorney DeRaymond, mother DeRaymond or any of Emilie's guardians took her to an MD.

17. Federal guardian Romberger [who arranged this violent fraud] was as no show to the PFA.

18. Attorney Abele Iacobelli saw and testified as to the deep **hole** seared to the bone into Emilie's arm.

He also saw each of her [burned knuckles](#).

19. Judge Moran dismissed my case and sent Emilie back home with her mother.

20. **03/29/2008** Cigarette burns and stun gun burns on Emilie's hand photographed in accordance with the instruction from Dr. Goldfeder M.D. of the New York Chief Medical Examiners Office.

21. **08/14/2008** PFA 20080254 | Northampton County DA's **Detective Miller** dropped Emilie's case of obvious, verified torture used to extort a mental retardation finding by Dr. Richard Hess.

04/23/2009 Hugh Smith. Ph.D Psychological Re-Evaluation

22. Concealed evidence of the torture, third degree burns confirmed by M.D.s used to skew I.Q. points during Dr. Hess's exam. "A history domestic abuse, physical, sexual abuse toward Emilie alleged by Mr. Kraemer against Mrs. Fontno; was unfounded." **This is fucking insane.** Doctors know Emilie

was burned but because Judge William Moron did not feel like doing anything about it—this insane report is produced—which identify cognitive issues completely medically disassociated from evil, insidious organized torture. HOW? How the **fuck** are any of these people allowed to have these jobs?

05/17/2010 Kraemer v. DeRaymond 2007-0021 OC | Judge Koury

23. I re-sued in Kafkaesque Northampton County for Emilie's organized torture seeking custody from her Frankenstein mother. My attorney Julia Lucas did everything right.
24. EASTON POLICE WERE A NO SHOW. Police protected child torture used to create business for special education contractors. This was a regular pattern. In 07/2012 with my sister Deputy Kraemer she refused to intervene for severe torture used for Emilie's extortion.
25. **05/08/2010** Dr. Kristen Landi M.D. Senior Forensic Scientist of the New York Chef Medical Examiner concurred Dr. Felderman's MD diagnosis and added that each of the injuries to her knuckles were also cigarette burns.
26. Judge Koury refused to allow Dr. Landi, a Senior forensic Scientist with New York Chef Medical Examiner's Office to testify.
27. The mother's attorney was given advance notice of Dr. Landi's testimony then objected on the basis that he was not provided a report on her area of specialty.
28. Mother DeRaymond while enjoying protection from the Court for organized torture before a cognitive assessment exam to drop IQ scores LIED that Emilie was being treated for PDD-NOS concealing from the record she was approving treatment for genetic mental retardation code ICD-9 MR317
[\[03/28/2006\]](#)[\[09/25/2006\]](#)[\[2007\]](#)[\[2008\]](#)[\[2012\]](#)
29. Judge Koury did not allow me to testify about the result of taking E.K. to either doctor.
30. Judge Koury did not put his findings of fact/conclusions of law on the record.
31. He simply faxed an Order to deny my petition—for organized torture. He like judge Moran packaged

these horrific organized assaults the Judges were party to—as part of the enterprise—as murky domestic issues. Thus avoiding any criminal ramifications.

02/11/2011 PA 2011-0021 OC | 2007-0021 | Judge Anthony Beltrami

32. Guardian Lisa Spitale, Federal guardian Shanon Moore, mother Amy DeRaymond petitioned Judge Beltrami for Emilie to attend Camphill Soltane a home for the mentally retarded for two weeks—7 hours from me preventing me from seeing my daughter and Lisa Spitale applied for guardian as a means to get me to back off my federal complaint against them in Kraemer v. Pennsylvania where they were concealing their approval of ICD-9 MR317.
33. **05/08/2011** Guardian Lisa Spitale grabbed and burned Emilie in her home when the mother was “out.” She violently extorted my daughter to agree to attend a home for the mentally retarded Camphill Soltane.
34. 07/2011 Judge Ed Smith applied for EDPA Federal Judge.
35. 10/15/2011 Kraemer v. Pennsylvania was dismissed.
36. **2011** there were break-ins to my apartment on 145 West 71 Street Apt 8G after my landlord Edelstein hired Mexican contractors to work on the roof. They used an electric boom lowered from the roof to break in through my apartments side window and did two things:
 - (i) They built a [delivery system](#) to eject [toxic fumes](#) into my bedroom while I was sleeping. [Mexican contractors unwittingly left cached breadcrumbs to their personal gmail accounts after they logged into on my Apple MacPro workstation No. YM13805MEUF while they were robbing me.]
 - (ii) They rerouted my ethernet cables to bypass my CISCO UC520 firewall and PBX. They pulled the credentials from my Apple workstation and laptops and passed them to NYPD and Northampton County PA police to wiretap my business devices vis-a-vis an Apple DEP account managed by an Mobile Device Management server [MDM] and assigned themselves **mirror access** to my computer screens. They could see every lead I generated, every email sent, every web program I created, my proprietary patented software. They robbed, grand larceny in the first degree. They needed access to

the Kraemer Inc. computer devices to set their MDM's remote software control and they had it. They also had the full cooperation of Apple security [retired NYPD] at Apple stores.

- (iii) NYPD has let me know through direct aggression at the [Apple Fifth Ave flagship store](#) they have access to my Apple business devices. They and Northampton County Police are responsible for facilitating my daughter's unspeakable inhuman treatment and torture in furtherance of Republican Judge Edward Smith's federal judge nominations. [[07/02/2018](#) when I emailed myself about the NYPD assisted break-ins 12:00 AM Sergeant O'Keef 1:00AM emailed me seeking a meeting.] **Apple CEO Tim Cook** would lose his mind if he knew his security and employees helped further a violent child trafficking enterprise operating out of public school districts. 44. [08/6/2012](#) CIGARETTE BURNS MONDAY | DEPUTY KRAEMER refused to intervene. She said I was overreacting. Then attempted to parley my wanting Emilie's torture to stop into an out-of-court meeting with Judge Ed Smith. I refused.
45. My sister deputy Gretchen Kraemer, Judge Edward Smith's best friend. Deputy Kraemer had wiretap access to my business emails, files, mobile phones while she allowed torture, trafficking and witness suppression of my daughter, her niece Emilie L. Kraemer so Judge Smith could be a federal judge applicant. ¹
46. [08/06/2012](#) My deputy sister refused to document or make arrests for Emilie's cigarette burns. Deputy Kraemer said "[I was overreacting](#)" then attempted parley my wanting Emilie's organized torture to stop into an informal meeting with Judge Smith via her wedding in 4 days she announced that day. Judge Smith was organizing it and would be the only guest outside of immediate family at the reception. I learn that day my sister and Judge Smith were close friends for years. EMILIE has a literal hole seared down to the bone on her arm as a result of Judge Smith's order. Deputy Kraemer wanted to make sure I bring Emilie to the reception Judge Smith would be attending.
47. After I declined Deputy Kraemer's insane wedding invitation. Emilie suffered more unexplained serious injuries.

They will say Oh, she had an accident, or a bee bit her or its a cat bite—but Emilie has A LOT of accidents and burns were confirmed by the NY Chief Medical examiners office to be cigarette burns, and by many other doctors. The enterprise had a program of severely abusing children to force them into special education.

51. [02/06/2013](#) Lehigh University Transition Services staff [sex trafficked](#) Emilie in a parking lot. Emilie demanded to be taken back to the office. A cigarette was put-out on her forehead to make her comply with her rape. 4 weeks later Emilie contracted scabies an STD her mother, guardian Lisa Spitale and federal guardian Shanon Moore cultivated into Norwegian Scabies—a morbid, lethal disease. These people are psychotic and violent. They cannot be reasoned with.

[08/07/2013](#) Court officers Lisa Spitale, Shanon Moore, mother Amy DeRaymond restarted Emilie's attempted murder through the re-cultivation of Norwegian scabies via prescription of Elidel a very powerful [immunosuppressant](#). They knew how to pause the disease and restart it. They knew they concealed attempted murder of Judge Smith's victim from President Obama and the U.S. Senate Judiciary Committee.

53. **[10/12/2015](#) - PFA-2014-000815 | Spitale v. Kraemer | Judge Zito concealed torture.**

Federal Guardian Lisa Spitale sued to take visitation from me. She lied that I took my daughter to a shelter causing Northampton County Judge Zito state: “to have grave concerns about my mental health.” We stayed at a hotel because my apartment was deemed unsafe by NY DHCR and NYC HPD. Edelstein was [dumping fuel oil](#) and venting it into the apartment—for which she was fined. Judge Leonard Zito ignored the pattern of torture used by the guardians to extort their victim into a condition of involuntary servitude. Judge Leonard Zito cut off my visitation and I have not seen my daughter Emilie since.

54. **2015** The PA enterprise, reached into NYC metaphorically speaking and dropped me off a cliff. They tried to kill me in the street facilitated by my illegal ejection, assaults in hotels I stayed at through lobbyist Pitta’s client the Hotel Trades Council and use of an [electronic prison](#)—using standard IT geofencing alerts to set off union networked patrols. These patrols tracked, then inflict injury, spoil ESI, maim, etc. After a period of time I noticed: A. They were union members. B. They were union member represented by former client one of the most powerful labor lobbyist in New York - Pitta, Bishop & Del Giorno LLC.
